Supplementary Agenda

Application SE/15/00997: the erection of a 2 bedroom bungalow, land rear of Woodhurst, Swanley Village Road, Swanley. Amended site location Plan which included Access to Highway and Certificate B completed. And additional drawing of patio area.

Councillor Searles proposed and Councillor Morris seconded that the Town Council should reiterate its previous objections to this planning application and add that without on-site provision for a turning circle the highway objections are considerably increased.

All agreed

9824 It was **RESOLVED:** that Sevenoaks District Council be advised that Swanley Town Council reiterates its strong objections to this planning application on the grounds that the proposed development is unneighbourly and would be an over intensification of the site, which is located in a conservation area. In addition the Town Council strongly objects on highway grounds. The development would restrict vehicular sight lines and affect parking. Also the planning application makes no on-site provision for a turning area and therefore that would considerably increase the highway objections which the Town Council has already stated.
