Material planning considerations

In considering an application we have a statutory duty to have regard to the planning policies it has adopted, set out in our Local Plan(s) and any material considerations.

The most common material considerations include the following, although the list is not exhaustive.

- Loss of light
- Overshadowing
- Overlooking/loss of privacy
- Visual amenity (but loss of private view is not material)
- Adequacy of parking
- Traffic generation/highway safety
- Noise, smells and disturbance resulting from use
- Loss of trees
- Design, appearance and materials
- Effect on listed building and conservation area
- Layout and density of buildings

Matters which we cannot normally take into consideration

These include:

- Matters controlled under building regulations or other non-planning laws e.g. structural stability, etc.
- Private issues between neighbours e.g. land/boundary disputes, damage to property, private rights of way, covenants etc.
- Loss of value of property
- Problems associated with the construction period of any works e.g. hours of work, noise, dust, construction vehicles etc.

Hope this guide will help you give your views in an effective way
